- Direct, oversee and participate in the development of the respective division; assign work activities, projects and programs; monitor workflow; review and evaluate work products, methods and procedures.
- Participate in development and management of the Department's Strategic Plan.
- Develop, plan, and implement quarterly goals and objectives.
- Recommend develop and administer policies and procedures.
- Coordinate Department activities with those of other departments and outside agencies and organizations; prepare and present staff reports and other necessary correspondence; represent the Department and the City in a positive and professional manner.
- Participate in the development, administration and management of the Fire Department budget; participate in the forecast of funds needed for effective operation of the Department; monitor and approve expenditures; implement mid-year adjustments.
- Participate in recommending the appointment of personnel; conduct and review performance evaluations; provide guidance and opportunities for career development of employees; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.
- Continuously review employee performance and document through performance review system and/or development program.
- Respond to major emergencies and assume an appropriate role within the Incident Command System.
- Participate in the research of alternative approaches to fire prevention, fire suppression, emergency medical, hazardous material handling, fire and life safety code application, and other emergency programs.
- Prepare a variety of technical and departmental activity reports.
- Participate in employee relations activities as related to the Fire Department. Provide positive input with the goal of developing a Memorandum of Understanding and overall employee relations environment that benefits both the City and the Union.
- Respond in a timely and positive manner to complaints and requests for information.
- Represent the Fire Chief, the Department, and the City in relationships with the public, community groups, professional organizations, other City departments and divisions, and outside agencies.
- When directed, fill in as the acting Fire Chief in his/her absence.
- Attend and participate in professional meetings, conferences, and workshops.

When assigned to the Administrative Services Division:

- Manage Administrative functions within the division including new construction, apparatus specification and preventive maintenance and repair, facility maintenance.
- Coordinate activities of the Department's Research and Development Team.
- Manage self-contained breathing apparatus and tool and equipment programs.
- Manage the purchase, storage and distribution of all supplies and commodities for the Department.

When assigned to the Emergency Services Division:

- Manage the effectiveness of the fire company inspection and pre-fire planning programs.
- Respond to significant emergency events in both a participative and evaluative capacity.

When assigned to the Fire Prevention and Public Safety Education Division:

- Prepare, update and enforce the City fire codes, ordinances and standards.
- Manage the Department's review of new construction and subdivision plot plans and manage the review of building plans prior to issuance of permits by the Building Safety Division.
- Manage fire inspection of buildings and property for fire hazards, efficiency of fire protective equipment, adequacy of fire exits and general compliance with fire prevention laws and standards.
- Manage fire inspection programs and acceptance tests on automatic fire extinguishing systems and alarm systems.
- Manage fire investigations to determine causes and damages; keep records of fire losses, inspections, investigations, fire deaths and injuries.
- Serve as an expert witness in court cases involving fire cause and code violations.
- Advise property owners on the removal of fire hazards and if necessary, induce compliance to correct hazards.
- Receive and investigate complaints of alleged fire hazards and recommend corrective action as necessary to resolve complaints; answer questions and provide information to the public.
- Meet with citizen groups, organizations, contractors, architects, engineers and developers;
 conduct oral presentations and provide information on fire codes and fire prevention.
- Review construction documents in relation to fire prevention laws and codes.
