Sportball classes foster a learning environment for children where they can learn new skills and explore their environment. We respectfully request parents drop off their children for our drop off classes. We find that children gain more confidence through independent success and maintain focus better when parents are not in the room. If a child is anxious, a parent may stay during the class and Sportball coaches will work with parent and child to reach a level of comfort. Classes are available to children ages 3-6 year olds; refer to the alternate age group for activity codes. 480-350-5201.
