leak alerts

1,593
customers
registered for
the WaterSmart
customer
portal

Tempe provides resources to help residents and businesses conserve:

- Rebates and incentives
- Indoor and outdoor water consultations
- Sustainable Living Workshops
- Brochures and digital resources
- WaterSmart customer portal
- Youth education program on water conservation

"I was shocked to come to the realization of how much water our home was using. I am familiar with the various water systems and welcomed Tempe's approach to helping my efforts of conservation. The Tempe water specialist ... is like having a friend in a position to help me through this process."

- Tempe Resident
