

Resources and support for Neighborhood Associations (NAs)

Whether you are a long-term contact or new to a neighborhood role, Tempe is here for you! Tempe Neighborhood Services Office offers resources and support for neighborhood and homeowner associations.

Stay connected

Reminder: please ensure your neighborhood's contact information and social media is up to date with the neighborhoods office. To best serve you, Tempe requests to keep a primary and secondary name, address, phone and email on file for each association. If your NA leadership changes due to an election, step down, move or other, alert Tempe promptly using the online form at tempe.gov/NeighborhoodAssociations.

Do you have a neighborhood Facebook group or Facebook page? Let us know and add the City of Tempe's Facebook page to your group. Maintaining a current neighborhood social media list helps to keep our communities more connected.

Have a say in your city. The Neighborhoods Office shares involvement opportunities and surveys often. Lookout for neighborhoods emails and share with your neighbors!

Neighborhood meeting options

City staff can be requested to attend your neighborhood meetings to discuss specific topics. If your neighborhood is interested in city staff attendance, reach out to the Neighborhood Services team before scheduling your meeting to discuss speaker requests, agenda plans and align schedules. Need help hosting a virtual neighborhood meeting? Tempe has a Zoom and Microsoft Teams Account and can help you set it up.

Fund neighborhood improvements with Tempe's grant program

Tempe's Maryanne Corder Neighborhood Grant program can help fund neighborhood-generated requests for art, sustainable landscaping, park improvements, adaptive streets initiatives and more. Each year, applications are due around April and grants are awarded in the summer. Get your neighborhood's project included for consideration in next year's grant cycle. Learn more about the program at tempe.gov/NeighborhoodGrants.

Mailing services offered to NAs

Tempe offers four mailing services per fiscal year (July 1-June 30) to neighborhood associations to assist in communicating within their community. Postcard formatting, printing and mailing are offered. Mailings can be used to: share neighborhood news; announce meetings, gatherings and events; resource-sharing; and to say hello and check in with your neighbors.

Mailings require advanced planning. If your NA is interested in this service, contact neighborhoods staff as soon as possible.

Pro tip: use mailing services to spread the word about neighborhood meetings or fun events like GAIN parties.

Get your GAIN on every October

Every year, communities across Tempe gather for Getting Arizonans Involved in Neighborhoods (GAIN) night. Whether it's a potluck, Halloween festivity, or lawn game extravaganza, your neighborhood is encouraged to plan a community event that fits your neighborhood best. Whatever you do, the City of Tempe is here to support you!

Go to tempe.gov/GAIN to find event dates and details. GAIN parties must be registered in advance.

Thanks for all you do to help strengthen your neighborhood and our community!

Brenda, Elizabeth, Morgan and Shauna – your Neighborhood Services team
