Additional Comments:

I have a concern with client traffic turning on Broadway to Pasa. Our non-profit building is on the south side of the Road. We are a free women's pg. service and low-cost STD service to Tempe. I hope our building will not be hidden behind trees as we want to be a visual for those who are seeking our services. Thank you for taking this into consideration; and for your hard work.

1. What do you think of the final design concept?

EXPENSIVE \$ WITH THE EXCEPTION OF ORANGE TREE REPLACEMENT WITH 8 X 8 X 16 CONCRETE BLOCK WALL, NON-CONTRIBUTING.

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes

No

Additional Comments:

47 yr resident same house just in off Rural Rd
on E. Encanto - impacted constantly by traffic into
Diy Neighborhood due to construction road work etc Rural Rd
Captured University changes. Will there ever be someone to
put all these projects on one wall to coordinate the impact
on street streets. Especially to complete prior to Semester sports season

1. What do you think of the final design concept?

It will meet University, Apache, Broadway
Southern all here

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes No

3. Which wall concept do you prefer?

Not safe

Additional Comments:

I live in the Broadway neighborhood and love this concept.

In fact, with the reduced lane I found it easier to drive, and felt safer on a bike.

1. What do you think of the final design concept?

I like & Support it.

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes No

3. Which wall concept do you prefer?

Additional Comments:

I think this plan will cause more problems than we have now.

Buddy Campbell

1. What do you think of the final design concept?

I fully support the final design concept. The data presented shows full support for creating this concept without negatively impacting the community.

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes No

3. Which wall concept do you prefer?

A patterned wall treatment like the one on Rural Rd A wall treatment with reserved spaces for future public art

4. Please indicate which describes you best.

Additional Comments:

Thank you, Tempe! Please implement this design concept.

1. What do you think of the final design concept?

I like the center lane + landscaping, but rededicating 1 lane on a major street is not a good idea. There is a lot of rush hour traffic heading east and it will be worse without that lane - also putting a wall up will bring graffiti to our street. Jagers will have that wall

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes No

mobile
spray painted double frost

3. Which wall concept do you prefer? Neither - use large trees instead on a screen with Boulders

A patterned wall treatment like the one on Rural Rd A wall treatment with reserved spaces for future public art

4. Please indicate which describes you best.

 None of the above

Additional Comments:

1. What do you think of the final design concept?

It looks nice, but it seems very short sighted to reduce Broadway road to 4 lanes. This will certainly create additional congestion in already congested Tempe.

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes

No

3. Which wall concept do you prefer?

A patterned wall treatment like the one on Rural Rd

4. Please indicate which describes you best.

 None of the above

Additional Comments:

I live at Asplit Ventura, the area where short cutters come thru at high rates of speed. Reducing a lane backs up traffic further west of Sierra Vista & invites cut thrus. Bike lane to Rural - then nothing??

1. What do you think of the final design concept?

Great!!

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes No

3. Which wall concept do you prefer?

either would be fine / let folks impacted to make decisions

Additional Comments:

From what I have seen, these drawings will improve the "look" of our neighborhood - please continue with the project / the designated light will probably save my life! (on way to Valley Park)

Thank you!

1. What do you think of the final design concept?

POOR - TEMPE IS ALWAYS TRYING TO
FIX WHAT ISN'T BROKEN. KEEP THE
ROAD AS IS, A WORKABLE GOOD ROAD,
MAJORITY AT
Sierra Vista Drive and Ventura Drive?

2. Do you support a dedicated pedestrian crossing (with traffic signal) between Sierra Vista Drive and Ventura Drive?

Yes

No

NOT SURE

OCT. 17 ARE
AGAINST IT.

3. Which wall concept do you prefer?

A patterned wall treatment like the one on Rural Rd

A wall treatment with reserved spaces for future public art

None
