Chair Webb began the Study Session at 5:30 p.m. After reviewing the agenda, it was determined that the minutes from the 05/13/2014 Development Review Commission could be placed on the consent agenda. The Commission determined that item #5 would be heard.

The Commission discussed item #2 with Joe Nucci, Senior Planner, to clarify exactly what historical significance, if any, is the structure behind the house on the same property. Staff clarified only the main house would be considered under the historic designation. Item #2 was placed on the consent agenda.

Item #3 was also placed on the consent agenda after landscape details were discussed.

Staff then reviewed future items with the Commission.

The Commission then heard a member of the public expressing concerns they had in their neighborhood.

The Study Session adjourned at 6:05 p.m.
