REPORTING RELATIONSHIPS

Receives direction from the Deputy Municipal Utilities Director - Water Utilities or other management staff.

Exercises direct supervision over supervisory, technical, and maintenance staff.

MINIMUM QUALIFICATIONS		
Experience:	Four (4) years of operational, regulatory, infrastructure planning, or asset management experience in a water and/or wastewater utility including two (2) years of recent supervisory level responsibility.	
Education:		
License / Certification:	 Possession of a valid driver's license. Possession of two (2) Grade 2 Arizona Department of Environmental Quality (ADEQ) Certifications (or reciprocity) in Water Distribution, Wastewater Collection, Water Treatment, and/or Wastewater Treatment is required. Possession of ADEQ Grade 4 Water Distribution and Wastewater Collection Operator Certifications is preferred. 	

ESSENTIAL JOB FUNCTIONS

Essential job functions are the fundamental duties of a position: the things a person holding the job absolutely must be able to do.

To actively support and uphold the City's stated mission and values. To perform highly responsible professional and technical work in the leadership and management of programs, activities, and functions within the Municipal Utilities Department.

OTHER DUTIES AS ASSIGNED

Please note this job description is not designed to cover or contain a comprehensive listing of all activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

- Select, train, motivate, track, assign, and oversee the work of staff; establish schedules and methods for work performed; and ensure adherence to proper workgroup procedures and policies;
- Provide pro-active performance planning utilizing performance management tools;
- Monitor and prepare section-level budgets and supervise cost analyses and budget requests;
- Develop, coordinate, and author policies, procedures, and programs relating to the implementation of system operations according to City ordinances and state, local, and federal regulations;
- Analyze data, complete feasibility studies, review designs for system modifications, review plans, and administer contracts;
- Administer or conduct internal performance audits;
- Oversee preventative maintenance planning and ensure generally accepted industry asset management standards are used;
- Assist with development of in-service and on-the-job training strategies for staff;
- Investigate and resolve technical or public relations problems;
- Promote team involvement and participation in setting goals, priorities, and strategies for safe, efficient, and effective divisional operations;
- Attend and participate in a variety of high-level meetings both internal and external;
- Understand and comply with the Work Force Flexibility/Skill Based Pay (WFF/SBP) program and ensure consistent administration of program processes and procedures;
- Answer questions and provide information to the public, investigate complaints, and recommend corrective action as necessary to resolve complaints;
- Review infrastructure-engineering plans for conformance to City codes and attend preconstruction meetings as required;
- Manage staff and work related to the operation and maintenance of water distribution, wastewater collection, irrigation, stormwater systems to meet all federal, state, and local regulations and requirements.
- Perform related duties as assigned.

PHYSICAL DEMANDS AND WORK ENVIRONMENT

- Operate city vehicles;
- Work in a stationary position for considerable periods of time;
- Operate computers, calculators, and other office machines using repetitive hand/eye movement;

- Considerable reading and close vision work;
