DISTINGUISHING CHARACTERISTICS

This is the full journey level class within the Street Maintenance Equipment Operator series. Employees within this class are distinguished from the Street Maintenance Equipment Operator I+ by the performance of the full range of duties as assigned including the operation of the more difficult and complex heavy equipment. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from the I level or when filled from the outside, require previous work experience. Appointment to the higher class requires that the employee be performing the full range of duties assigned to the class.

REPORTING RELATIONSHIPS

Receives general supervision from higher supervisor or management staff.

May exercise functional and technical supervision over maintenance staff.

MINIMUM QUALIFICATIONS

<i>Experience:</i>	<p><u>When assigned to Engineering & Transportation</u></p> <ul style="list-style-type: none"> Two (2) years of street maintenance experience. <p><u>When assigned to Municipal Utilities</u></p> <ul style="list-style-type: none"> Two (2) years of heavy equipment operation experience
<i>Education:</i>	Formal or informal education or training which ensures the ability to read and write at a level necessary for successful job performance.
<i>License / Certification:</i>	Possession of a valid Class A Commercial Driver's License (CDL) with a tanker endorsement.

ESSENTIAL JOB FUNCTIONS

Essential job functions are the fundamental duties of a position: the things a person holding the job absolutely must be able to do.

To actively support and uphold the City's stated mission and values. To operate heavy construction, maintenance and transportation equipment in a variety of maintenance activities including excavating, trenching, asphalt milling, asphalt street paving, crack routing, crack sealing, road grading, land elevation survey, utility cut road repairs, street cleaning, loading and related operations according to required standards, operation of a street sweeper; and to perform semi-skilled and skilled street maintenance tasks.

OTHER DUTIES AS ASSIGNED

Please note this job description is not designed to cover or contain a comprehensive listing of all activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

- Operate heavy construction equipment such as bulldozers, cranes, paving lay down machine, milling machine, power crack routers, crack sealant kettle, backhoe, street sweeper, motor grader, pavement roller, Ariel lift trucks, forklifts, large trucks, and front-end loaders for a variety of construction and maintenance operations.
- May provide lead supervision to maintenance staff.
- Break out and load asphalt and concrete onto large dump trucks.
- Load water at fire hydrants.
- Operate a variety of power tools including concrete saws, chain saws and jackhammers.
- Identify equipment needs for each assigned project.
- Perform additional construction and maintenance tasks such as concrete work, truck driving, spreading asphalt and patching, jack hammering and a variety of repair activities when equipment is not in use.
- Install traffic cones and barricades; route and control traffic around work site.
- Provide training to staff in the operation and maintenance of equipment.
- Respond to emergency calls assisting with traffic control and cleanup at accident sites.
- Graffiti removal.
- Perform related duties as assigned.
