

Citizen Access Portal

We are pleased to offer our citizens, businesses, and visitors access to government services online, 24 hours a day, 7 days a week. In partnership with **Accela, Inc.®**, we are fulfilling our promise to deliver powerful e-government services and provide valuable information about the community while making your interactions with us more efficient, convenient, and interactive.

You can view information, get questions answered, and access limited services as an anonymous user. To use ALL of the services we provide, you must register and create a user account.

In addition to the services listed below, single-family residential permit applications are also being offered through Building Safety and Engineering Private Development at this time via this portal.
