Overview

A public meeting was held on October 17, 2018 for feedback on planned improvements to Indian Bend Park.. Residents in the area of McKellips to Curry, McClintock to Rural (1157 residents) were invited to participate in the process via postcard. Postcards were translated in Spanish. Notices and a poll were posted to Nextdoor to 246 households in 3 neighborhoods. Signs in English and Spanish were placed in the park announcing the public meeting. Eleven residents signed in at the meeting. Residents were asked to provide input on playground layout, theme, playground equipment, number of ramadas, and overall park experience. Surveys were available at the meetings and online from October 27, 2018 through November 10, 2018. A total of 18 survey responses were received; 4 at the meeting and 14 online, 2 from outside the service area, 4 without address data. In addition, parks staff visited the North Tempe Multi-Generational Center for the Boys and Girls Club Thanksgiving meal on November 19th and asked for participants to vote for their favorite piece of playground equipment. 133 residents voted.

9. Additional comments

- RE: Site Plan A or B, both require removal of existing assets (B: light post or A: tree, bench, sign, doggie bag station. Prefer NOT to have additional sq footage but make best use of existing playground area. Ramadas: would LOVE 1 on or in place of existing concrete pad at corner Marigold/Miller. Perhaps a 2nd built over the existing picnic table north of the tennis courts.
- It would have been great for the three neighborhoods around Meyer Park if the City had lived up to its promises. Instead, the neighborhoods have to apply for grants just to get facilities repaired.

3. It would be nice to find room for a dog park with a picnic table or benches inside.
4. It would be nice to have restrooms! Also if you guys can put an area for volleyball...Question 5/equipment options - spinners category and miscellaneous equipment - in addition to the 3 top priorities noted
5. Thank you for all the efforts.
6. I would mostly like to see more accessible options for children who may have different physical abilities
7. We need more safety in the parks. Aware of the new G4S security proposal, but we need further reinforcement in the new park design. Lights etc. is necessary.
8. We love our park and are so happy Tempe is investing in it.
9. We love our park and are excited Tempe is planning on improving so many ways!
