

EXHIBIT 3 to RUSA

Company Name:

Site Identification Name:

**Conduit and Fiber Optic Cable Installation
Information and Terms**

1. Conduit System Route. Wireless Provider’s Conduit System route is shown on Exhibit “A1”, which shall be kept Confidential to the extent required by law. Total linear footage for this route is ____ l.f.
2. Ownership of Conduit. Wireless Provider acknowledges ownership of the Conduit being installed or has identified below the actual owner(s) or leases of any existing Conduit being used for the route and the length of such Conduit along the route:
 - A. _____ [*Identity of Conduit owner(s)*]
 - B. _____ l.f. [*Identify the length of any leased Conduit*]
3. Ownership of Fiber. Should any portion of the Conduit System route be comprised of Dark Fiber leased by Wireless Provider, Wireless Provider shall identify such portions of the route to the City along with verification of the identity of the Dark Fiber provider through the provision of an agreement between the parties or some other documentation sufficient to establish the dark fiber lease. Total Wireless Provider owned fiber linear footage for the Conduit System route is _____ l.f.
4. Ownership of Electronics Lighting the Fiber. _____ is the entity who will be lighting the A and Z ends of the circuit that connects to the central hub site.
5. Dark Fiber Lessee(s). Wireless Provider will be leasing its Dark Fiber within the Conduit System route to _____ [*Identity of lessee customer, if applicable*]
6. Route Expansion. If Wireless Provider desires to expand the Conduit System route through additional extensions on either end of the current route or through lateral connections to the existing route, the ROW Use Agreement can be amended to include such additional footage and be signed by the City Manager or designee.
7. Payments. If Wireless Provider leases Conduit or Dark Fiber to a third party, the annual fee for use of the ROW will be calculated based on the current linear foot fee rate multiplied by the total linear footage of Wireless Provider-owned Dark Fiber that is being leased.
8. Wireless Provider’s billing address for any billing invoices is:
