02:13:37 TECH Alisa Oyler: Frame 17

03:29:01 Viri, she/her, Poder: I will be back in 10min

03:32:52 TECH Alisa Oyler: Remind them of the theme color coding?

03:40:03 Janelle Wood: I have to leave the meeting now. Thank you for this much needed dialogue tonight. Have a great rest of your evening all.

03:40:24 Brianne Fisher: Thank you Janelle

03:42:08 Roy Tatem: In reference to Expenses, where do settlements and lawsuits fall in the budget?

03:42:36 TECH Alisa Oyler: Roy - I will add that question to the question pad as well.

03:46:23 Roy Tatem: Thank You

03:47:01 Jacob Raiford: Have a great evening Mama Wood !

03:50:26 Genevieve Vega: This one is REALLY hard to select only one. Several of these could derail our efforts.

03:54:45 Raquel Gutierrez: I am surprised that acknowledging trauma does not have more dots

03:55:54 Raquel Gutierrez: what does "better" mean? who determines what is "better" data?

03:57:07 Randy Keating: I meant collecting more data than we do now, processing it a deeper level than we currently do, and making it more available to public than we currently do

03:57:47 Raquel Gutierrez: got it - thx

03:57:55 Randy Keating: You got it!

04:02:58 Keisha Acton: <https://www.phoenixnewtimes.com/news/arizona-actic-monitoring-blm-dravon-ames-poder-maupin-oakry-az-patriots-11504461>

04:03:02 Keisha Acton: This is the article

04:03:51 Raquel Gutierrez: Wow, there is so much to unpack in what is being said. Threat mitigation is shaped by implicit and explicit bias.

04:04:22 TECH Alisa Oyler: Article has been linked in the Notes.

04:04:25 Viri, she/her, Poder: ^Yes, the article also highlights that the right wing extremist groups are NOT being surveilled

04:05:09 Viri, she/her, Poder: AND people who speak at city council meetings (phx example)

04:05:39 Jacob Raiford: Despite AZ Patriots directly threatening us, from stating intent to physically drawing weapons on crowds of unarmed, peaceful demonstrators.

04:05:51 Roy Tatem: Are there direct examples of Police harassment from Tempe or is the awareness from the article?

04:06:03 Raquel Gutierrez: "threat mitigation" of who, for who, determined by who

04:06:09 Keisha Acton: Direct examples we are speaking about our lived experiences

04:06:24 Roy Tatem: If people have examples of direct threats that needs to be brought to the forefront

04:06:27 Jacob Raiford: July 28th demonstration resulting in excessive use of gas and unnecessary physical force against attendees.

04:06:28 Alana Chavez Langdon: Good point of information Roy Tatem...

04:08:23 Jacob Raiford: *27th

04:08:52 Roy Tatem: I am aware of that as well Jacob, that you for bringing up that example.

04:10:24 Raquel Gutierrez: yes, to what Viri shared

04:16:30 Jacob Raiford: Powerfully stated Dr. Gutierrez and Roy

04:17:38 Suzanne Durkin-Bighorn: I agree that we should have set group norms at the beginning.

04:18:35 Raquel Gutierrez: Technical Questions - do the open meetings law apply this group - participants meeting outside of this group

04:19:12 TECH Alisa Oyler: Adding this to the question pad as well.

04:19:26 Raquel Gutierrez: thank you

04:20:02 Keisha Acton: I dont think it should since open meeting law has to do with elected officials.

04:20:29 Randy Keating: Raquel, no they do not

04:20:40 Randy Keating: Keisha is correct

04:20:45 Raquel Gutierrez: thank you Randy and Keisha

04:21:05 Roy Tatem: Great point

04:21:21 Dean Shapiro: I wonder: can we create a "portrait of Tempe PD"? A mosaic, including a range of experience, understanding, and data that, to a certain extent, describes the organization we're considering?

04:22:50 TECH Alisa Oyler: Have added that to the question pad, Rabbi

04:23:12 Viri, she/her, Poder: Thanks all. I have to jump off to another meeting.

04:23:25 Corey Woods: Thank you, Viri!

04:23:54 TECH Alisa Oyler: Poll is launched in Zoom.

04:24:00 Genevieve Vega: Thanks for acknowledging that Chief. I don't think anyone in this group expected this process to be easy; we're all here, ready and willing to work through the difficult and crucial conversations.

04:25:13 Keisha Acton: Recommendation: If we are hear to discuss how the city and PD can do a better job of working with and supporting the most impacted members of the community, there needs to be space for the community to discuss their lived experiences for those who do not have that same frame of reference...HOW can we make space for

that in the next meeting?

04:26:15 TECH Alisa Oyler: Have added that question to the question pad, Keisha

04:26:24 Raquel Gutierrez: Yes, to contributions from staff - it will reveal paradigms that people hold the differences

04:28:31 Roy Tatem: On NOV. 3rd most of us will be up all night looking at returns or maybe dealing with direct actions or responses

04:29:08 Keisha Acton: And/or trying to keep ourselves safe from right winged threats

04:29:17 Jacob Raiford: That part.

04:29:18 Keisha Acton: That the police arent monitoring

04:29:30 Raquel Gutierrez: ^^@Keisha

04:29:55 Keisha Acton: Our lives are in imminent danger

04:30:04 Keisha Acton: If joe biden gets elected

04:30:40 Keisha Acton: And if Trump gets elected they will feel emboldened to take action and incite harm

04:31:00 Keisha Acton: But the counter terrorism team isnt monitoring that

04:31:54 Raquel Gutierrez: What does that mean we need to be balanced?

04:32:02 Keisha Acton: People on both sides are not in the same danger as we are

04:32:21 Jacob Raiford: At all.

04:33:33 Randy Keating: I'm sorry everyone, I need to go. I'm fine with moving the meeting, but I cannot meet the following the week. Thank you all!

04:33:45 Raquel Gutierrez: ur-bad-habit-of-both-siding-inequity-and-injustice/

04:34:08 Raquel Gutierrez: I mean this...<https://nonprofitaf.com/2020/08/nonprofit-and-philanthropy-and-our-bad-habit-of-both-siding-inequity-and-injustice/>

04:35:02 Jacob Raiford: I have pictures of AZ Patriots drawing weapons on us. Peaceful protesters with families. Children. No where near the same.

04:35:16 Robbie Adler-Tapia: I do not think anyone feels safe about what could happen next week.

04:35:40 Raquel Gutierrez: Just for folks who think this is a partisan conversation, it is not.

04:36:07 Raquel Gutierrez: It is a conversation and information about human rights, dignity.

04:37:01 Keisha Acton: But we arent the violent ones.

04:37:07 Patricia Hibbeler: Advocating for marginalized communities is not partisan. It's a conversation for equitable human rights.

04:37:41 Robbie Adler-Tapia: Good Night everyone! I need to go. Thanks everyone. Take good care.

04:37:54 Raquel Gutierrez: a "balanced view" privileges those who benefit from the "balance".

04:38:15 Lauren Kuby: weve heard lots of discussion. Can we revote?

04:40:12 Keisha Acton: Agreed

04:40:37 Roy Tatem: Thank You for the reconsideration

04:40:56 Keisha Acton: The marginalized community is not the majority here and therefore the vote was not in favor of the community

04:41:17 Suzanne Durkin-Bighorn: Thank you, Mayor for your leadership.

04:41:34 Raquel Gutierrez: Thank you, Mayor!

04:41:40 Genevieve Vega: I agree that we didn't have a discussion on why a reschedule might be necessary given all points of view and rescheduling for a week or more out is appropriate.

04:41:41 Jacob Moore: Iâ€™m ok with moving the date of the meeting back. The dust clearly needs to settle following the election.

04:41:59 Corey Woods: Thank you, everyone!
