H2111 (Chapter 182): 2ND AMENDMENT; UNENFORCEABLE FEDERAL LAWS	Pursuant to the sovereign authority of the state of Arizona and the state Constitution, this state and all political subdivisions are prohibited from using any personnel or financial resources to enforce, administer or cooperate with any act, law, treaty, order, rule or regulation of the U.S. government that inconsistent with any Arizona law regarding the regulation of firearms. Contains a legislative intent section. Applies to criminal justice data that is collected after the effective date of this legislation. AS PASSED HOUSE		General Comments (all lists):  Opposed to the strike-everything amendment as adopted, it would preclude the COVID vaccine being included as an option for wellness points for employees (like dental cleanings or smoking cessation are currently). Working on amendment language. Was held in majority caucus 4/1/21.	5/20 Senate COW approved with amend #4980 and fir amend #5143. NOTE SHORT TITLE CHANGE. FAILED Senate 13-16.
H2242 (Chapter 161): AGENCY ACTIONS; PROCEDURES; FEE AWARDS	Modifies statutes governing fees and other expenses the court awards to a party that prevails in an action against the state or a county or municipality by an adjudication on the merits. An award of fees against the state or a county or municipality cannot exceed \$125,000, increased from \$75,000, for fees incurred at each level of judicial appeal. The maximum rate for attorney fees awarded is \$350 per hour for any awards of attorney fees against the state or a county or municipality, instead of only for specified cases, and the maximum rate of \$75 per hour for all other cases is deleted. A person is entitled to have an agency not base a decision regarding any filing or other matter submitted to an agency on a requirement or condition that is not specifically authorized by statute, rule or state tribal gaming compact, and an agency is prohibited from doing so. A determination by an agency that an application is not administratively complete is an appealable agency action, with some exceptions. Changes relating to expenses awarded by the court apply to all proceedings that are pending on or filed after the effective date of this legislation. AS SIGNED BY GOVERNOR			4/1 signed by governor. Chap. 161, Laws 2021. <a href="#">message</a>
H2248: CORPORATION COMMISSION; ELECTRIC GENERATION RESOURCES	Declares it is the public policy of Arizona that public service corporations should pursue the use of "clean energy resources" (defined) and the reduction of carbon emissions, provided the mix of "critical electric generation resources" (defined) used by each public service corporation to meet its customers' needs is the "lowest cost method" (defined) of providing safe and reliable electricity services while taking specified factors into consideration. The clean energy and carbon emissions reduction policy of Arizona requires public service corporations to derive at least the following percentage of retail kilowatt sales from renewable energy resources by the following dates: 12percent by December 31, 2022, 13 percent by December 31, 2023, 14 percent by December 31, 2024, and 15 percent by December 31, 2025 and each year after. Does not apply to any policy, decision or rule adopted before June 30, 2020. Does not prohibit the Arizona Corporation Commission (ACC) from exercising its ratemaking or statutory authority over public service corporations. The ACC is authorized to adopt rules to ensure compliance with this legislation, and is prohibited from enforcing any policy or rule that increases or decreases the percentages of renewable energy resources			4/1 from Senate appro do pass.

	specified by this legislation or that directly or indirectly regulates a public service corporation's "carbon emissions" (defined). Contains legislative findings. Retroactive to June 30, 2020. AS PASSED HOUSE.			
H2305 (Chapter 106): SPIRITUOUS LIQUOR; ALTERNATING PROPRIETORSHIPS	On application by one or more persons, the Department of Liquor Licenses and Control is authorized to approve applications for grouping two or more spirituous liquor producer, craft distiller, or microbrewery licenses at one location under a plan of alternating proprietorships if a licensed producer, craft distiller, or microbrewery has received approval by the U.S. Alcohol and Tobacco Tax and Trade Bureau and the participating producers, craft distillers, or microbreweries operate under the regulations and guidelines that are issued by the Bureau. Each participating spirituous liquor producer or microbrewery is responsible for filing all reports that relate to its production with the Bureau and the Department of Revenue. AS SIGNED BY GOVERNOR			3/24 signed by governor; Chap. 106, Laws 2021. <a href="#">message</a>
H2310 (Chapter 261): EXECUTIVE ORDERS; REVIEW; ATTORNEY GENERAL	At the request of a member of the Legislature, the Executive Director of the Legislative Council is required to review any executive order issued by the President of the United States that has not been affirmed by a vote of Congress and signed into law as prescribed by the U.S. Constitution. On review, a member of the Legislature is authorized to recommend to the Attorney General that the order be further examined by the Attorney General to determine the legality of the order. If the Attorney General determines the order is illegal, the Attorney General is required to file a declaratory judgment action in federal district court. Applies only to executive orders that are issued from and after the effective date of this legislation. AS SIGNED BY GOVERNOR		General Comments (all lists): Striker language on a different topic replaced the original bill. Original bill: Oppose. Would preempt city elected officials from setting the city budget. Also problematic for years in which a city expends one-time funding (e.g. significant building renovation, technology investment, vehicle replacements, etc) and would be penalized in future years.	4/20 signed by governor. Chap. 261, Laws 2021. <a href="#">message</a>
H2348: FAILURE; RETURN VEHICLE; OFFENSE; REPEAL	Repeals the crime of unlawful failure to return a motor vehicle subject to a security interest, a class 6 (lowest) felony.		General Comments (all lists): Dead. Earlier: Held in committee with other bills due to long agenda. Expect to see on subsequent agenda. Support	3/11 Senate jud held.
H2372: AGRICULTURAL OPERATIONS; NUISANCE; LIABILITY	Statute governing nuisance liability for agricultural operations is repealed and replaced. A nuisance action cannot be filed against an agricultural operation conducted on farmland unless a list of specified conditions apply. Establishes a rebuttable presumption that an agricultural operation conducted on farmland is not a public or private nuisance, which may be overcome by a preponderance of the evidence that the operation is violating applicable federal, state or local laws and regulations. Establishes requirements for the court to award costs, expenses, and/or compensatory damages in a nuisance action. The circumstances under which agricultural operations conducted on farmland may be regulated or considered to be a nuisance are a matter of statewide concern. This legislation supersedes any municipal ordinance that makes an agricultural operation conducted on farmland a nuisance or provides for an abatement of the agricultural operation as a nuisance, and any such ordinance is void and has no force or effect. Contains legislative findings.		General Comments (all lists): Dead. League opposes. Nuisance preemption for certain agricultural activities. Proponents have stated that the intent is not to stop nuisance mitigation efforts (noise, flooding, pest issues, odor), but language doesn't currently reflect that. HB1224 is the mirror bill in the other Chamber.	2/23 retained on House COW calendar.
H2389: STATE OF EMERGENCY; AUTOMATIC TERMINATION	A state of emergency declared by the Governor terminates 21 days after the date on which the state of emergency is proclaimed, unless the Legislature extends the state of emergency by concurrent resolution. A state of emergency may be terminated earlier than the 21-day period by proclamation of the Governor or by concurrent resolution of the Legislature. If a state of emergency is not extended by the Legislature, the Governor is prohibited from proclaiming a new state of emergency based on the same or substantially similar facts and circumstances without the passage of a concurrent resolution by the Legislature consenting to the new state of emergency. If the Governor fails to comply with this prohibition, any citizen is authorized to apply to the superior court for a writ of mandamus to compel the Governor to comply.		General Comments (all lists): Dead	1/27 referred to House gov-elect.
H2400 (Chapter 162): MUNICIPAL ORDINANCES; POSTING	Municipal ordinances imposing a penalty, fine, forfeiture or other punishment are required to be posted at city or town hall or in one public place within the municipality, and on the municipality's website, instead of being required to be posted in three or more public places within the municipality. AS SIGNED BY GOVERNOR		General Comments (all lists): Support. League resolution.	4/1 signed by governor. Chap. 162, Laws 2021. <a href="#">message</a>

H2412: PROHIBITED AGREEMENTS; PUBLIC WORKS PROJECTS	The list of prohibited provisions in a public works contract is modified to remove requiring a contractor to participate in or contribute to an apprenticeship program that is registered with the U.S. Department of Labor and requiring a contractor to become a party to any project labor agreement.		General Comments (all lists):  Dead	1/25 referred to House gov-elect, com.
H2420: LAW ENFORCEMENT; PROSECUTION GRANTS; ACCEPTANCE	By October 15 of each year, counties and municipalities are required to certify in writing to each state agency through which the county or municipality receives any state monies that there has been no disproportionate funding reductions to the county's or municipality's law enforcement agency. The certification must include a statement that any reduction in funding or proposed funding to the law enforcement agency is a result of reduced revenue collection and the reduction in law enforcement agency funding is "proportionate" (defined) to the reduction in revenue. A county or municipality that has disproportionately reduced its law enforcement agency funding is not eligible to receive state shared monies. The State Treasurer is required to continue to withhold state shared monies until certification from the county or municipality that the reduction in the law enforcement agency's budget has been restored to a proportionate amount.		General Comments (all lists):  Oppose. Would preempt city elected officials from setting the city budget. Also problematic for years in which a city expends one-time funding (e.g. significant building renovation, technology investment, vehicle replacements, etc) and would be penalized in future years.	3/3 House COW approved with amend #4409. NOTE SHORT TITLE CHANGE. FAILED House 27-33.
H2462 (Chapter 338): CIVILIAN REVIEW BOARD MEMBERS; TRAINING	Before a person becomes a member of a "civilian review board" (defined) that reviews the actions of peace officers in Arizona, the person is required to satisfactorily complete a community college police academy or a total of 80 hours of Arizona Peace Officer Standards and Training Board certified training in a list of specified subjects. Members currently serving on civilian review boards are required to complete the training within one year of the effective date of this legislation. AS SIGNED BY GOVERNOR			5/7 signed by governor. Chap. 338, Laws 2021.
H2481: SHORT-TERM RENTALS; ENFORCEMENT; PENALTIES	Modifies the list of regulations that counties and municipalities are authorized to impose on vacation rentals or short-terms rentals to include requiring the owner of a vacation rental or short-term rental to license or register with the county or municipality, and restricting the occupancy of a vacation rental or short-term rental to the lesser of the occupancy limit of the county or municipality or 2 adults per bedroom plus 2 additional adults. Vacation rentals and short-term rentals cannot advertise to exceed the occupancy limit of the dwelling or for any nonresidential use. Counties and municipalities are authorized to impose a civil penalty for each day a property is in violation of this advertisement prohibition. An online lodging operator that falsifies information to an online lodging marketplace is guilty of a petty offense. A county or municipality cannot prohibit the operation of a vacation rental or short-term rental based solely on its status as a vacation rental or short-term rental if the owner of the vacation rental or short-term rental, as of May 1, 2021, has a valid transaction privilege tax license, and as of June 2, 2021, has provided the owner's or the owner's designee's contact information to the county or municipality in which the vacation rental or short-term rental is located, if required by ordinance.		General Comments (all lists):  Dead. Update: Additional amendment language is being contemplated. Position will be updated to reflect potential changes to language. Earlier: Support. City-approved amendment was added in committee.	2/11 from House gov-elect with amend #4195.
H2482: REGULATION; SHORT-TERM RENTALS	Modifies the list of regulations that counties and municipalities are authorized to impose on vacation rentals or short-terms rentals to include: requiring contact information for the owner of the rental to be posted on the front door or in another location on the property that is visible and accessible to the public; restricting the maximum number of adult occupants allowed on the property at one time to the lesser of the occupancy limit established by the county or municipality or no more than 2 adults per bedroom, up to 4 bedrooms, plus 2 additional adults per 1,000 square feet of livable space in excess of 3,000 square feet of livable space; requiring the installation of safety and monitoring equipment that monitors and detects noise and notifies the owner if noise is unreasonable or in violation of a noise ordinance; prohibiting smoking outside within 100 feet of a residential structure; restricting occupants from checking in without the presence of the owner or the owner's designee; and prohibiting occupants from parking on public or private streets if on-property parking is available. Vacation rentals and short-term rentals cannot advertise to exceed the occupancy limit of the dwelling or for any nonresidential use,		General Comments (all lists):  Dead	1/27 referred to House gov-elect.

	and are required to display the transaction privilege tax license in any online advertisement for rental of the unit. Establishes penalties for violations.			
H2485 (Chapter 197): URBAN AIR MOBILITY STUDY COMMITTEE	Establishes a 26-member Urban Air Mobility Study Committee to review current laws in Arizona that could impact the urban air mobility industry and discuss necessary revisions. The Committee is required to submit a report of its findings and recommendations to the Governor and the Legislature by July 1, 2022, and self-repeals October 1, 2023. AS SIGNED BY GOVERNOR			4/9 signed by governor. Chap. 197, Laws 2021. <a href="#">message</a>
H2506: WORKERS' COMPENSATION; RATES; FIREFIGHTERS; CANCER	Fire investigators are added to the presumption that specified types of cancer and related diseases that result in disability or death are an occupational disease and are deemed to arise out of employment if specified conditions are met. All insurance carriers, self-insuring employers and workers' compensation pools that secure workers' compensation for firefighters and fire investigators are required to compile and report to the Industrial Commission claim and claim reserve information for all cancer-related claims filed by or on behalf of firefighters and fire investigators. The Commission is required to compile and make available to insurance carriers, rating organizations, employers, public safety workers and workers' compensation pools the claim-related information collected to assist with the setting of workers' compensation insurance rates. In addition to the six uniform percentage deviations already authorized by statute, insurers covering firefighters and fire investigators are permitted to file one uniform percentage deviation that increases the statewide rates under the rating organization's rate filing for the class codes associated with firefighters and fire investigators to address the anticipated increase in losses and expenses for claims that are compensable due to the workers' compensation presumption. The deviation filing must be accompanied by analysis from an actuary that substantively illustrates the basis for the rate increase. Contains a legislative intent section. AS PASSED HOUSE		General Comments (all lists): Similar to SB1451, League support	3/25 from Senate com do pass.
H2549: PROBABLE CAUSE HEARING; PANDEMIC LIABILITY	Subject to Arizona rules of court, the court is required to conduct a probable validity hearing for every civil action that is filed and that claims a party is liable for damages based on contracting an illness that is also the subject of a public health pandemic. At the probable validity hearing, the plaintiff has the burden of proof to demonstrate that there is sufficient evidence to establish that the injury exists and that the defendant is likely a cause of the injury. On a finding of probable validity, the court may proceed to a trial on the merits. AS PASSED HOUSE		General Comments (all lists): Dead	3/8 referred to Senate jud.
H2550: COMPLAINTS AGAINST PEACE OFFICERS; NOTIFICATION	Before a law enforcement agency accepts a complaint made against a peace officer, the agency is required to provide the person making the complaint a notice stating that it is a class 1 (highest) misdemeanor to knowingly make a false, fraudulent or unfounded report or statement to a law enforcement agency.			6/30 passed Senate <u>16-12</u> ; ready for governor.
H2551: MISCONDUCT INVOLVING WEAPONS; PUBLIC PLACES	A person who possesses a valid concealed weapons permit is exempt from the prohibition on carrying a concealed weapon in a public establishment or at a public event. Some exceptions, including for public establishments or events that are a "secured facility" (defined), that are the licensed premises of a liquor licensee, that are a judicial department or law enforcement agency, that are an educational institution, and that are a vehicle or craft. AS PASSED HOUSE		General Comments (all lists): Appears to have been scored as a money bill so it would need to be included in the budget negotiations to move through the process. Oppose. Unfunded mandate and preempts local decision-making.	3/22 from Senate jud do pass.
H2553: PEACE OFFICERS; FORCE; PROHIBITED RULES	A "government body" (defined to include a law enforcement agency or department) is prohibited from adopting a policy or rule that prohibits a law enforcement officer from using physical force or deadly physical force when the use is allowed by law, unless it includes a statement that any nonforce tactics required to be used first are only required in situations where a reasonable person would conclude that the use of the nonforce tactics would not expose the law enforcement officer or another person to the threat of physical injury, serious physical injury or death. A government body is prohibited from adopting a policy or rule that prohibits a law enforcement officer from using a defensive tactic if the use of that tactic in a particular situation would otherwise be allowed under law, unless the Arizona Peace Officer Standards and Training		General Comments (all lists): Dead	1/28 referred to House mil- pub safety.

Establishes penalties for violations, including mandatory attendance at a court-approved tobacco retailer educational course and graduated fines. In addition to the fines, if a person commits a second or subsequent violation, the court is required to prohibit the enterprise from selling, giving or furnishing tobacco products or vapor products for a specified period based on the number of violations. If an enterprise has more than one location, these penalties apply only to the specific location where the violation occurred. Beginning January 1, 2022, each tobacco products or vapor products retailer is required to keep records to separately show the gross proceeds of sales of tobacco products and vapor products and the gross proceeds of sales or gross income derived from sales of other forms of tangible personal property or other business activities subject to transaction privilege taxes, and report the sales separately to the Department of Revenue. Establishes a process for assessing the diminution in value. Establishes notice requirements for excavation to install fiber optic cable or other underground telecommunication facilities within an existing easement or other property right. ADOT is authorized to enter into an agreement with a public or private entity for the purpose of using, managing or operating state-owned telecommunication facilities and coordinating activities in Arizona relating to planning, mapping and procuring broadband service. ADOT is permitted to give a provider "longitudinal access" (defined) to the right-of-way of a highway for the installation, operation and maintenance of a telecommunication facility by entering into an agreement with a provider and issuing a permit. H2617 (Chapter 368): JUDGMENTS; LIENS; HOMESTEAD	<p>Increases the homestead exemption to \$250,000, from \$150,000. The homestead exemption does not attach to the person's interest in identifiable cash proceeds from refinancing the homestead property. Exempts real property subject to the homestead exemption from involuntary sale under a judgment or lien, rather than from process and sale under a judgment or lien. On the sale of homestead property that is subject to a judgment lien, the judgment creditor must be paid from the proceeds of the sale after the homestead exemption amount is paid to the judgment debtor and after payment of any liens that have priority over the judgment lien. If the anticipated amount to be paid to the judgment debtor is less than 80 percent of the amount of the homestead exemption, a title insurer may record a notice of partial release of judgment without prior notice to judgment creditors. If the anticipated payment to the debtor is 80 percent of the amount of the homestead exemption, the judgment creditor's lien is extinguished on compliance with specified requirements for notice to the judgment creditor and opportunity for the creditor to object to the notice. For any sale, transfer or refinance of a judgment debtor's homestead property that is completed before January 1, 2022, a judgment lien does not attach to the homestead property. A judgment lien is not created on the debtor's homestead property if a court of competent jurisdiction has discharged or enjoined enforcement of the judgment before January 1, 2022 or if there is a bankruptcy petition pending before January 1, 2022 for which a discharge is ultimately granted. For any sale, transfer or refinance that is completed after January 1, 2022, judgments that are recorded before January 1, 2022 and that are still valid attach to the homestead property are enforceable and create judgment liens. Establishes provisions for the priority of judgment liens created in this circumstance. Civil judgments obtained by the state that are entered on or after September 13, 2013, or that were entered before September 13, 2013 and that were current and collectible under the laws applicable on that date are exempt from statute allowing a writ of execution or other process to be issued to enforce a judgment. H2668: NUTRITION ASSISTANCE; BENEFIT MATCH; APPROPRIATION	The Department of Economic Security (DES) is required to develop the infrastructure necessary to implement a produce incentive program for Supplemental Nutrition Assistance Program (SNAP) enrollees to purchase eligible "Arizona-grown fruits and vegetables" (defined) at SNAP-authorized farmers markets, farm stands, mobile markets, community supported agriculture sites, grocery stores and convenience stores. Subject to available appropriations, DES is required to provide matching monies of up to \$20 per participating SNAP-authorized site per transaction for a SNAP enrollee to purchase eligible Arizona-grown fruits and vegetables. Appropriates \$1 million from the general fund in FY2021-22 to DES for the produce incentive program for SNAP enrollees. The appropriated monies cannot be spent without matching contributions from federal, local or private sources. AS PASSED HOUSE	General Comments (all lists):  Oppose strike-everything amendment. H2682: TOBACCO PRODUCTS; VAPOR PRODUCTS; RETAIL SALES	The powers and duties of the Department of Liquor Licenses and Control (DLLC) are expanded to include enforcing statute regulating tobacco sales, investigating the sales of "alternative nicotine products," "tobacco products," or "vapor products" (all defined) to persons under the 21 years of age, causing these products to be removed from the marketplace if they may be contaminated, and taking other regulatory actions related to these products. Beginning January 1, 2023, a retail tobacco vender is prohibited from distributing alternative nicotine products, tobacco products or vapor products in Arizona without a valid tobacco retail sales license issued by DLLC. The DLLC is required to establish fees for an initial license or renewal license. A license is valid for one year, and a license is not transferable. It is unlawful for a retail tobacco vendor to sell, furnish, give or provide an alternative nicotine product, tobacco product or vapor product to a person who is under 21 years of age. Establishes requirements for licensees to obtain identification from a person ordering or purchasing these products in order to determine that the person is at least 21 years of age, and establishes penalties for violations. A person under 21 years of age who misrepresents the person's age or solicits another person to purchase or furnish these products is guilty of a petty offense. DLLC is authorized to delegate the enforcement and compliance inspections of tobacco retail sales to any county that accepts the delegation. Various regulations of tobacco products are expanded to include vapor products and alternative nicotine products. The regulation of the sale and marketing of alternative nicotine products, tobacco products and vapor products is a matter of statewide concern and is not subject to further regulation by counties and municipalities, except as specifically provided in this legislation. Property is subject to forfeiture only if the owner is convicted of an offense to which forfeiture applies and the state establishes by clear and convincing evidence that the property is subject to forfeiture. The state is prohibited from proceeding with further forfeiture proceedings before a criminal conviction for an offense to which forfeiture applies unless no timely claims for the seized property were filed or the court waived the conviction requirement. After a person is convicted of an offense for which forfeiture applies, the court may order the person to forfeit property acquired through the commission of the offense, property directly traceable to property acquired through the commission of the offense, and property the person used in the commission of the offense or to facilitate the offense. Establishes circumstances under which the court is allowed to waive the conviction requirement. Does not prevent property from being forfeited by the terms of a plea agreement. A person who claims to be an innocent owner has the burden of production to show that the person either held a legal right, title or interest in the property seized at the time the illegal conduct occurred, or acquired as a bona fide purchaser a legal right, title or interest in the property after the commission of the crime. All property seized by a law enforcement agency at any time must be returned to the owner, if known, within ten business days after the property's seizure unless the owner has been arrested and charged with a criminal offense subject to forfeiture, the property is sought to be used as evidence, it is illegal for the owner to possess the property, or the property was seized for forfeiture. Within 60 days after making a seizure for forfeiture, the state is required to file a notice of pending forfeiture proceeding or return the property to the person from whom it was seized. Establishes requirements for serving the notice of pending forfeiture. By December 31, 2023, marijuana product packaging labeled for sale would have been required to include a consumer scannable quick response code or similar technology linking to a web page that displayed a list of specified information for the specific marijuana product, including a warning about marijuana use during pregnancy. DHS rules would have been required to mandate marijuana establishments to display in a conspicuous location a sign that warns pregnant women about the potential dangers to fetuses caused by smoking or ingesting marijuana while pregnant or to infants while breastfeeding and the risk of being reported to the Department of Child Safety during pregnancy or at the birth of the child by persons who are required to report. S1224: AGRICULTURAL OPERATIONS; NUISANCE LIABILITY	Statute governing nuisance liability for agricultural operations is repealed and replaced. A nuisance action cannot be filed against an agricultural operation conducted on farmland unless a list of specified conditions apply. Establishes a rebuttable presumption that an agricultural operation conducted on farmland is not a public or private nuisance, which may be overcome by a preponderance of the evidence that the operation is violating applicable federal, state or local laws and regulations. Establishes requirements for the court to award costs, expenses, and/or compensatory damages in a nuisance action. The circumstances under which agricultural operations conducted on farmland may be regulated or considered to be a nuisance are a matter of statewide concern. This legislation supersedes any municipal ordinance that makes an agricultural operation conducted on farmland a nuisance or provides for an abatement of the agricultural operation as a nuisance, and any such ordinance is void and has no force or effect. Contains legislative findings.		General Comments (all lists):  Dead. Earlier: Amendment is being worked on. League opposes. Nuisance preemption for certain agricultural activities. S1487: PRIVATE ATTORNEY RETENTION; MUNICIPALITIES; COUNTIES	Counties and municipalities are prohibited from entering into a contingency fee contract with a private attorney unless the county or municipal attorney makes a written determination before entering into the contract that contingency fee representation is both cost effective and in the public interest. The written determination is required to include specific findings for a list of specified factors. Counties and municipalities are prohibited from entering into a contingency fee contract that provides for the county's or municipality's private attorney to receive a contingency fee from the county's or municipality's portion of the recovery in excess of an aggregate of a list of specified percentages based on the recovery amount. Establishes additional requirements for county or municipal contracts for contingency fee attorney services. Does not apply to any contingency fee contract in which a county or municipality hires a private attorney to pursue debt collection cases. By February 1 of each year, the county attorney or municipal attorney is required to submit a report on the use of contingency fee contracts with private attorneys to the Governor and the Legislature. Information that must be included in the report is specified.		General Comments (all lists): Dead. Earlier: Amendment may be considered that eliminates the current problematic thresholds and creates a requirement that a city post online when it retains counsel on a contingency fee basis. Also, a peace officer is required to cause the removal and either immobilization or impoundment of a vehicle if the peace officer determines that a person is driving a vehicle in violation of reckless driving or racing on highways and the peace officer reasonably believes that allowing the person to continue driving the vehicle would expose other persons to the risk of serious bodily injury or death. <p>H2720: BALLOTS; ELECTION CONTESTS; CERTIFICATES</p>	<p>Various changes relating to elections. The Legislature retains its legislative authority regarding the office of presidential elector and by majority vote at any time before the presidential inauguration is authorized to revoke the Secretary of State's issuance or certification of a presidential elector's certificate of election. The Legislature is permitted to take this action without regard to whether the Legislature is in regular or special session or has held committee or other hearings on the matter. Any party to an election contest may request a jury trial, which must be granted and tried as other jury trials in a civil action, except that the statutory provisions for election contests prevail over any conflicting rules of procedure for jury trials. In an election contest jury trial, a court is prohibited from granting a motion to dismiss or a motion for summary judgment that would result in dismissal until after the jury has issued its verdict. Without regard to the system or method used to produce or tabulate ballots, the county recorder or officer in charge of elections is required to maintain a count of the number of physical ballots printed and the number of ballots otherwise generated in the following categories: early ballots, regular ballots, provisional ballots, federal-only ballots, and ballots generated in an electronic form. The county recorder or officer in charge of elections is required to post that information on the county's website within one day after election day. The county recorder or officer in charge of elections is required to create digitized images of ballots and to keep the digitized images and the physical ballots as public records. At least ten persons from the general public who are registered voters in the county are allowed to observe the proceedings at the counting center at any time throughout the day. All observers must be allowed to observe each essential part of the proceedings at the counting center. When ballots are damaged or defective and cannot be counted by the automatic tabulating equipment, the images that are made of a duplicate of those ballots must be posted to the county's website within 24 hours after duplication along with the determination by the election board as to that voter's intent for each contest adjudicated. Any disruption in live video coverage of the custody of all ballots while the ballots are present in a tabulation room in the counting center will result in the members of the board of supervisors and the county recorder being deemed ineligible for reelection and barred from holding any public office in Arizona for ten years after the expiration of the term of office in which the disruption in video coverage occurred. The elections instructions and procedures manual prepared by the Secretary of State is required to provide for transparency and election security to the maximum extent allowed by law. If any provision of the instructions and procedures manual conflicts with any statute, the provision of the instructions and procedures manual is unenforceable and statute prevails. In addition to the Secretary of State, the Legislature is required to provide personnel who are experts in electronic voting systems and procedures and in electronic voting system security to field check and review electronic voting systems and recommend needed statutory and procedural changes, including changes in the instructions and procedures manual. Also, a person is allowed to take photographs or videos of himself, his/her own ballot and any election worker, but is prohibited from taking photographs or videos of other voters or other voters' ballots.</p>

Establishes requirements for the court to award costs, expenses, and/or compensatory damages in a nuisance action. The circumstances under which agricultural operations conducted on farmland may be regulated or considered to be a nuisance are a matter of statewide concern. By December 31, 2023, marijuana product packaging labeled for sale would have been required to include a consumer scannable quick response code or similar technology linking to a web page that displayed a list of specified information for the specific marijuana product, including a		General Comments (all lists): With amending language, would not longer have effects on cities. DHS rules would have been required to mandate marijuana establishments to display in a conspicuous location a sign that warns pregnant women about the potential dangers to fetuses caused by smoking or ingesting marijuana while pregnant or to infants while breastfeeding and the risk of being reported to the Department of Child Safety during pregnancy or at the birth of the child by persons who are required to report. Beginning on the effective date of this legislation, DHS would have been prohibited from issuing a marijuana establishment or marijuana testing facility license to an applicant who had an ownership interest in an out-of-state marijuana establishment or marijuana testing facility, or the other state's equivalent, that had its license revoked by the other state. Due to voter protection, this legislation required the affirmative vote of at least 3/4 of the members of each house of the Legislature for passage. AS VETOED BY GOVERNOR. S1218 (Chapter 176): NONHEALTH PROFESSIONS; OCCUPATIONS; REGULATIONS	<p>The state may regulate a profession or occupation only if there is credible evidence of harm that the unregulated practice threatens the public health, safety or welfare. Regulation cannot be imposed for the exclusive purpose of protecting a profession or occupation from economic competition. Each committee of reference (COR) that reviews an agency that administers an "occupational regulation" (defined elsewhere in statute) is required to consider a specified list of factors in determining the need for continuation or termination of the agency, including the extent to which failure to regulate a profession or occupation will result in the loss of insurance, an impact to the ability to practice as required by federal law, or the loss of constitutionally afforded practices. The list of possible recommendations that the sunset review report from the COR is required to include is expanded to include recommendations that the Legislature repeal the occupational license, convert the license to a less restrictive regulation, or instruct the state agency to seek legislation or adopt rules to reflect the COR's recommendation to impose less restrictive regulations, change the requisite personal qualifications, or redefine the scope of practice. S1224: AGRICULTURAL OPERATIONS; NUISANCE LIABILITY	<p>Statute governing nuisance liability for agricultural operations is repealed and replaced. A nuisance action cannot be filed against an agricultural operation conducted on farmland unless a list of specified conditions apply. Establishes a rebuttable presumption that an agricultural operation conducted on farmland is not a public or private nuisance, which may be overcome by a preponderance of the evidence that the operation is violating applicable federal, state or local laws and regulations. Establishes requirements for the court to award costs, expenses, and/or compensatory damages in a nuisance action. The circumstances under which agricultural operations conducted on farmland may be regulated or considered to be a nuisance are a matter of statewide concern. This legislation supersedes any municipal ordinance that makes an agricultural operation conducted on farmland a nuisance or provides for an abatement of the agricultural operation as a nuisance, and any such ordinance is void and has no force or effect. Contains legislative findings.</p>		<p>General Comments (all lists):</p> <p>Dead. Earlier: Amendment is being worked on. League opposes. Nuisance preemption for certain agricultural activities. Proponents have stated that the intent is not to stop nuisance mitigation efforts (noise, flooding, pest issues, odor), but language doesn't currently reflect that. The credit is equal to the amount of the federal low-income housing credit for the qualified project. To claim the credit, a taxpayer is required to apply to the Arizona Department of Housing and receive an eligibility statement. If the amount of the credit exceeds taxes due, the taxpayer may carry the unused amount forward for up to five consecutive taxable years. The Department of Revenue is required to allocate a total of \$8 million of affordable housing tax credits in any calendar year. Establishes a 9-member Affordable Housing Tax Credit Review Committee to review the tax credits on the fifth year after the effective date of the credit and every five years thereafter and submit a report to the Governor and the Legislature. Self-repeals January 1, 2028. AS PASSED SENATE		General Comments (all lists): Dead in this form, could advance through the budget process. Support. League resolution. Counties and municipalities are authorized to impose civil penalties for each day a property is in violation of specified provisions. Modifies civil penalties for online lodging operators that fail to comply with applicable transaction privilege tax requirements. After notice and a hearing, the Department of Revenue is authorized to suspend for a period of 12 months the transaction privilege tax license of the owner of a vacation rental or short-term rental that has three "verified violations" (defined) within the same 12-month period. S1520: MUNICIPALITY; GENERAL PLAN; ADOPTION; AMENDMENT	All major amendments to a municipality's general plan proposed for adoption by the governing body of a municipality must be presented at a public hearing within 12 months of when the proposal is made, instead of during the calendar year the proposal is made. Prohibits municipalities from diminishing existing private property rights when adopting, applying or amending an open space element, land use element, or growth element of a general plan unless the municipality receives the written consent of the landowner or provides an economically viable alternative to protect the existing property rights. Not certain if it will affect cities.	3/31 Senate appro held.
H2108: TELECOMMUNICATIONS; PUBLIC HIGHWAYS; USE; FEES	For any underground facility that is used for a "small wireless facility" (defined elsewhere in statute), a political subdivision is prohibited from requiring an annual telecommunications fee based on the number of linear feet of trench in the public highways in which the telecommunications corporation has placed facilities.		General Comments (all lists):  Should be dead for this session. Oppose in current form. Open-ended nature of current language is problematic. H2133: APPROPRIATION; GRAND AVENUE; SR 303	Appropriates \$150,000 from the general fund in FY2021-22 to the Department of Transportation to study options for expanding the on and off ramps at the intersection of Grand Avenue and State Route 303.			3/10 from Senate appro do pass.

The list of reasons for which ADOT is authorized to disclose personal information is modified to remove for bulk distribution of surveys, marketing or solicitations if ADOT has obtained the express consent of the person, and statute requiring ADOT to allow persons to opt in to the disclosure is also deleted. ADOT is prohibited from selling records with personal identifying information for a commercial purpose, with some exceptions. Requirements for registered scrap metal dealers and licensed automotive recyclers to purchase a vehicle without obtaining a certificate of title are modified to require the signature of the vehicle owner, instead of the vehicle seller. The requirement for ADOT to suspend or restrict a person's driving privilege for an unpaid civil penalty if the person holds a commercial driver license is repealed. If, before the effective date of this legislation, a person's driving privilege is suspended or restricted due to failure to pay civil penalties imposed for a civil traffic violation, ADOT is required to rescind the suspension or restriction and reinstate the person's driving privilege. For FY2023-24 and each year after, each of these rates must be adjusted annually to reflect the change in the gross domestic product implicit price deflator reported by the U.S. Department of Commerce from January 1, 2020 to December 31 of the prior year. Due to a potential increase in state revenue, this legislation requires the affirmative vote of at least 2/3 of the members of each house of the Legislature for passage, and becomes effective on signature of the Governor. H2596 (Chapter 351): ADOT; TELECOMMUNICATION FACILITIES INSTALLATION	The Arizona Department of Transportation (ADOT) or a "provider" (defined as an eligible telecommunications carrier recognized by the Arizona Corporation Commission, or a political subdivision) with permission from ADOT is authorized to install "telecommunication facilities" (defined) and requirements for the installation process are established. If ADOT expands the use of an existing easement or other property right and the expanded use reduces the fair market value of the property over which the easement or other property right runs, the property owner is entitled to just compensation from ADOT or the provider. Establishes a process for assessing the diminution in value. Establishes notice requirements for excavation to install fiber optic cable or other underground telecommunication facilities within an existing easement or other property right. ADOT is authorized to enter into an agreement with a public or private entity for the purpose of using, managing or operating state-owned telecommunication facilities and coordinating activities in Arizona relating to planning, mapping and procuring broadband service. ADOT is permitted to give a provider "longitudinal access" (defined) to the right-of-way of a highway for the installation, operation and maintenance of a telecommunication facility by entering into an agreement with a provider and issuing a permit. ADOT must require compensation from a provider for longitudinal access, and requirements for the compensation are listed. AS SIGNED BY GOVERNOR			5/10 signed by governor. If ADOT does not award a contract, all responsive proposers are required to receive the fee. ADOT is required to pay the fee within 90 days after the award of the contract or the decision not to award a contract. Also modifies the definition of "engineer" and defines "professional engineer." AS SIGNED BY GOVERNOR		General Comments (all lists): Potential for technical changes to clarify that bill. S1218 (Chapter 176): NONHEALTH PROFESSIONS; OCCUPATIONS; REGULATIONS	The state may regulate a profession or occupation only if there is credible evidence of harm that the unregulated practice threatens the public health, safety or welfare. Regulation cannot be imposed for the exclusive purpose of protecting a profession or occupation from economic competition. Each committee of reference (COR) that reviews an agency that administers an "occupational regulation" (defined elsewhere in statute) is required to consider a specified list of factors in determining the need for continuation or termination of the agency, including the extent to which failure to regulate a profession or occupation will result in the loss of insurance, an impact to the ability to practice as required by federal law, or the loss of constitutionally afforded practices. The list of possible recommendations that the sunset review report from the COR is required to include is expanded to include recommendations that the Legislature repeal the occupational license, convert the license to a less restrictive regulation, or instruct the state agency to seek legislation or adopt rules to reflect the COR's recommendation to impose less restrictive regulations, change the requisite personal qualifications, or redefine the scope of practice. H2454 (Chapter 320): TELEHEALTH; HEALTH CARE PROVIDERS; REQUIREMENTS	Modifies the requirements for health and disability insurers to cover telehealth services. Insurers are required to reimburse health care providers at the same level of payment for equivalent services whether provided through telehealth using an audio-visual format or in-person care. Does not apply to a telehealth encounter provided through a platform sponsored or provided by the insurer. Insurers cannot require a health care provider to use a telehealth platform sponsored or provided by the insurer as a condition of network participation. The definition of "telehealth" is expanded to include the use of an audio-only telephone encounter between an insured and a health care provider if specified conditions are met. Establishes a 27-member Telehealth Advisory Committee on Telehealth Best Practices to review standards for telehealth best practices and relevant peer-reviewed literature, and to adopt telehealth best practice guidelines and recommendations. Factors the Committee must consider when doing so are listed. The Committee is required to submit a report of its findings and recommendations to the Governor and the Legislature by December 1, 2021. Beginning January 1, 2022, insurers are required to cover services provided through an audio-only telehealth encounter if the Committee recommends that the services may appropriately be provided in that manner. Before January 1, 2022, insurers are required to cover services provided through an audio-only telehealth encounter if that service is covered by Medicare or the Arizona Health Care Cost Containment System when provided in this manner. A health care provider regulatory board or agency is prohibited from enforcing any statute, rule or policy that would require a health care provider who is licensed by that board or agency and who is authorized to write prescriptions to require an in-person examination of the patient before issuing a prescription, except as specifically prescribed by federal law. Consistent with the best practice guidelines adopted by the Committee, health care providers are required to make a good faith effort to use best practices in determining whether a health care service should be provided through telehealth instead of in person, and in determining the communication medium of telehealth. Network adequacy standards required by state or federal law cannot be met by an insurer through the use of contracted health care providers who provide only telehealth services and do not provide in-person health care services in Arizona. Health care providers who are licensed in another state are authorized to provide telehealth services to a person in Arizona if the provider complies with a list of requirements, including maintaining liability insurance and following community of care standards. By September 1, 2021 or 30 days after the effective date of this legislation, whichever is earlier, the Department of Health Services is required to develop a three-year pilot program that allows the delivery of acute care services to patients in the patient's home by licensed hospitals in Arizona working in coordination with licensed home health professionals. By March 31, 2023, the Department of Insurance and Financial Institutions is required to report specified information on telehealth encounters to the Legislature. Emergency clause. H2420: LAW ENFORCEMENT; PROSECUTION GRANTS; ACCEPTANCE	By October 15 of each year, counties and municipalities are required to certify in writing to each state agency through which the county or municipality receives any state monies that there has been no disproportionate funding reductions to the county's or municipality's law enforcement agency. The certification must include a statement that any reduction in funding or proposed funding to the law enforcement agency is a result of reduced revenue collection and the reduction in law enforcement agency funding is "proportionate" (defined) to the reduction in revenue. A county or municipality that has disproportionately reduced its law enforcement agency funding is not eligible to receive state shared monies. The State Treasurer is required to continue to withhold state shared monies until certification from the county or municipality that the reduction in the law enforcement agency's budget has been restored to a proportionate amount. Beginning with tax year 2023, the income tax is a flat rate of 2.5% of taxable income. The Department of Economic Security (DES) is required to obtain current employment and earned income information from external data sources, including third-party vendors, as part of the employment and income verification process to determine an individual's eligibility for unemployment benefits. All insurance carriers, self-insuring employers and workers' compensation pools that secure workers' compensation for firefighters and fire investigators are required to compile and report to the Industrial Commission claim and claim reserve information for all cancer-related claims filed by or on behalf of firefighters and fire investigators. The Commission is required to compile and make available to insurance carriers, rating organizations, employers, public safety workers and workers' compensation pools the claim-related information collected to assist with the setting of workers' compensation insurance rates. In addition to the six uniform percentage deviations already authorized by statute, insurers covering firefighters and fire investigators are permitted to file one uniform percentage deviation that increases the statewide rates under the rating organization's rate filing for the class codes associated with firefighters and fire investigators to address the anticipated increase in losses and expenses for claims that are compensable due to the workers' compensation presumption. S1720 (Chapter 220): PEER-TO-PEER CAR SHARING	Establishes a new chapter in Title 28 (Transportation) regulating "peer-to-peer car sharing," defined as the authorized use of a shared vehicle by an individual other than the shared vehicle owner through a "peer-to-peer car sharing program" (defined). A peer-to-peer car sharing program is required to assume the liability of a shared vehicle owner for bodily injury or property damage that occurs to a third party during the car sharing period in an amount that is stated in the car sharing program agreement and that is at least the minimum amount of motor vehicle liability coverage required by statute. Some exceptions. A peer-to-peer car sharing			4/9 signed by governor. Chap. 220, Laws 2021. <a href="#">message</a>

	<p>program is required to ensure that during each car sharing period the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle liability insurance policy that recognizes that the vehicle insured under the policy is made available and used through a peer-to-peer car sharing program, and that does not exclude the use of a shared vehicle by a shared vehicle driver. This insurance is primary during each car sharing period. Establishes authorized motor vehicle liability insurer exclusions relating to peer-to-peer car sharing. Establishes various requirements for peer-to-peer car sharing programs, including record collection, car sharing program agreement disclosures, driver license requirements, and responsibility for equipment and safety recalls. This legislation does not prohibit or restrict a public airport from implementing rules or licensing requirements or from assessing fees or charges that apply to shared vehicle transactions that are conducted at the public airport or that use an off-airport shuttle service provider that contracts with the public airport to access the shared vehicle off of the public airport premises. A shared vehicle transaction is subject to transaction privilege taxes but is not subject to the rental vehicle surcharge. A peer-to-peer car sharing program is required to register with the Department of Revenue (DOR) for a license for the payment of transaction privilege taxes levied by the state and one or more counties, municipalities, or special taxing districts for the taxes due from a shared vehicle owner for any vehicle sharing transaction facilitated by the peer-to-peer car sharing program. A licensed peer-to-peer car sharing program is required to electronically remit to DOR the applicable surcharges and taxes, to electronically report the taxes monthly, and to remit the aggregate total amounts for each of the respective taxing jurisdictions. Establishes requirements for sourcing of shared vehicle transactions. A shared vehicle owner is entitled to an exclusion from any applicable taxes for any shared vehicle transaction that is facilitated by a peer-to-peer car sharing program and for which the program has collected and remitted applicable taxes. Counties, municipalities, and political subdivisions are prohibited from imposing any additional taxes, fees or charges on the gross proceeds or gross income of a shared vehicle transaction that is not imposed on every other transaction involving motor vehicles for hire without a driver by that jurisdiction. <p>S1721: TPT; PRIME CONTRACTING CLASSIFICATION</p>	<p>The gross proceeds of sales or gross income derived from a construction contract with an owner of real property or the improvements to real property that does not exceed \$100,000 per unit for a "residential project" (defined) or \$1 million for a nonresidential project is not subject to tax under the prime contracting classification of transaction privilege taxes, and is required to be exempt from municipal transaction privilege and use taxes. Only the contract price is used to determine whether a contract exceeds the threshold amount described in this paragraph with no subtractions for amounts paid to subcontractors or any deductions or exemptions allowed. Project elements cannot be artificially separated from a contract to cause a project to qualify for this exemption. The Department of Revenue has the burden of proving that project elements have been artificially separated from a contract. A contract that primarily involves construction of any electricity generating facility or system installed on any commercial, residential or governmental property, including the maintenance, repair, replacement or alteration of existing improvements of an electricity generating or distribution facility, is not subject to tax under the prime contracting classification of transaction privilege taxes. Increases the state unemployment tax taxable wage limit to \$8,000 in 2023 and after, from \$7,000. The maximum number of weeks an individual may receive unemployment benefits is reduced to 24 weeks if Arizona's "unemployment rate in the prior calendar quarter" (defined) is less than 5 percent. The Department of Economic Security (DES) is required to obtain current employment and earned income information from external data sources, including third-party vendors, as part of the employment and income verification process to determine an individual's eligibility for unemployment benefits. By December 31 of each year, DES is required to submit a report to the Governor and the Legislature on unemployment insurance fraud. For tax years beginning with 2021, establishes an individual and corporate income tax credit for taxpayers with a current healthy forest enterprise incentive certification and memorandum of understanding with the Arizona Commerce Authority that "process" "qualifying forest products" (both defined) between January 1, 2022 and December 31, 2030 at a facility located in Arizona. The amount of the credit is up to \$10,000 for the first 20,000 tons and \$5,000 for every 10,000 tons after of qualifying forest products the taxpayer processes in the calendar year, not to exceed \$500,000 per taxpayer. The aggregate amount of tax credits in a calendar year is capped at \$2 million. If the allowable credit exceeds taxes due, the unclaimed amount of the credit may be carried forward for up to five consecutive tax years. Other requirements to qualify for the tax credit and an application process are established. The maximum amount of benefits, annuities and pensions received during the tax year as retired or retainer pay of the uniformed services of the U.S. that may be subtracted from Arizona gross income for the purposes of individual income taxes is increased to the full amount received for tax years beginning with 2021, from \$3,500 in tax year 2020. H2420: LAW ENFORCEMENT; PROSECUTION GRANTS; ACCEPTANCE	By October 15 of each year, counties and municipalities are required to certify in writing to each state agency through which the county or municipality receives any state monies that there has been no disproportionate funding reductions to the county's or municipality's law enforcement agency. The certification must include a statement that any reduction in funding or proposed funding to the law enforcement agency is a result of reduced revenue collection and the reduction in law enforcement agency funding is "proportionate" (defined) to the reduction in revenue. A county or municipality that has disproportionately reduced its law enforcement agency funding is not eligible to receive state shared monies. The State Treasurer is required to continue to withhold state shared monies until certification from the county or municipality that the reduction in the law enforcement agency's budget has been restored to a proportionate amount.		General Comments (all lists): Oppose. Would preempt city elected officials from setting the city budget. Records of an ex parte order for interception must be retained during the duration of any relation investigation and any subsequent litigation or trial. A communication that does not involve the person being investigated or the particular crime listed in the order is prohibited from being recorded on any tape, electronic, wire or other comparable device. Within 14 days, decreased from 90 days, after an application for an ex parte order for interception is denied or after the period of an order expires, the issuing or denying judge is required to serve the persons named in the order or application with a notice, and the information that must be contained in the notice is expanded. The notification is not required until the identity of the person specified in the order is known or could be reasonably identified by a law enforcement agency, and law enforcement agencies are authorized to submit a request to delay the notification or a portion of the notification for up to 30 days. The court may grant permission to delay notification if specified conditions are met, and may grant additional extensions of the delay of up to 30 days each. Some exceptions. The state is prohibited from proceeding with further forfeiture proceedings before a criminal conviction for an offense to which forfeiture applies unless no timely claims for the seized property were filed or the court waived the conviction requirement. After a person is convicted of an offense for which forfeiture applies, the court may order the person to forfeit property acquired through the commission of the offense, property directly traceable to property acquired through the commission of the offense, and property the person used in the commission of the offense or to facilitate the offense. Establishes circumstances under which the court is allowed to waive the conviction requirement. Does not prevent property from being forfeited by the terms of a plea agreement. A person who claims to be an innocent owner has the burden of production to show that the person either held a legal right, title or interest in the property seized at the time the illegal conduct occurred, or acquired as a bona fide purchaser a legal right, title or interest in the property after the commission of the crime. All property seized by a law enforcement agency at any time must be returned to the owner, if known, within ten business days after the property's seizure unless the owner has been arrested and charged with a criminal offense subject to forfeiture, the property is sought to be used as evidence, it is illegal for the owner to possess the property, or the property was seized for forfeiture. S1121: MARIJUANA; SECURITY; SOCIAL EQUITY LICENSES	By December 31, 2023, the Department of Health Services (DHS) would have been required to mandate licensees to procure, develop, acquire and maintain a system to track marijuana and marijuana products at all points of cultivation, manufacturing and sale. Would have specified requirements for the system. By December 31, 2023, marijuana product packaging labeled for sale would have been required to include a consumer scannable quick response code or similar technology linking to a web page that displayed a list of specified information for the specific marijuana product, including a warning about marijuana use during pregnancy. DHS rules would have been required to mandate marijuana establishments to display in a conspicuous location a sign that warns pregnant women about the potential dangers to fetuses caused by smoking or ingesting marijuana while pregnant or to infants while breastfeeding and the risk of being reported to the Department of Child Safety during pregnancy or at the birth of the child by persons who are required to report. Beginning on the effective date of this legislation, DHS would have been prohibited from issuing a marijuana establishment or marijuana testing facility license to an applicant who had an ownership interest in an out-of-state marijuana establishment or marijuana testing facility, or the other state's equivalent, that had its license revoked by the other state. Due to voter protection, this legislation required the affirmative vote of at least 3/4 of the members of each house of the Legislature for passage. AS VETOED BY GOVERNOR. If the speed at which the person was alleged to have driven or the speed at which the court finds the person drove was not more than 10 miles per hour in excess of the posted speed limit, the offense would have been allowed to be designated as a waste of a finite resource and as a civil traffic violation. These provisions do not become effective unless on or before July 1, 2023 the U.S. Environmental Protection Agency approves the proposed modifications to the vehicle emissions testing program protocols as part of the State Implementation Plan for air quality. The Department of Environmental Quality (DEQ) is required to operate and administer a voluntary vehicle repair and retrofit program in areas that are subject to the vehicle emissions inspection program, instead of a county with a population of more than 400,000 persons being required to operate the program in that county. Retrofit program requirements are modified. ## Municipal Budget Office

Date: July 2, 2021  
 To: Mayor and Council  
 Through: Mark Day, Municipal Budget Director (8697)  
 From: Lauri Vickers, Municipal Budget & Finance Analyst (8980)  
 Subject: Tax Revenue Statistical Report – May 2021

Attached is the Executive Summary of the Tax Revenue Statistical Report for May 2021 covering April sales activity reported to the Arizona Department of Revenue (ADOR).

Total fiscal year-to-date taxable *sales* increased by 4.3% over the same year-to-date period in the prior fiscal year. Total sales tax *revenue* is up 3.1% or \$4.9 million, due to growth in retail (\$7.3 million) and rentals (\$1.4 million) activity. All other recurring categories of taxable activity were down. The graph to the right depicts year-to-date General Fund historical sales tax revenue from FY 2011/12 through FY 2020/21. General Fund sales tax revenue is up 5.4% or \$5.3 million over the prior year-to-date period.

**General Fund Sales Tax Collections through May**

The graph below represents twelve months of activity, comparing current year General Fund monthly sales tax collections to the previous year.

Although sales tax is not projected on a monthly basis, the graph below applies historical collection percentages to a revised revenue projection to gain insight into sales tax performance. The Municipal Budget Office developed a revised revenue projection for FY 2020-21 to reflect the anticipated economic impact of the COVID-19 pandemic. Using this approach, fiscal year-to-date sales tax collections in the General Fund are \$11.8 million above the revised revenue projection. The increase in retail sales has been offsetting the decreases in almost every other taxable activity, and includes the collection of sales tax on online retail sales since November 2019.

**General Fund Monthly Sales Tax Collection vs. Previous Year**

# MEMORANDUM

DATE: July 2, 2021  
 TO: Mayor & Council  
 THROUGH: Ken Jones, Deputy City Manager - Chief Financial Officer (8504)  
 FROM: Mark Day, Municipal Budget Director (8697)  
 SUBJECT: FY21 General Fund Local Sales Tax Update

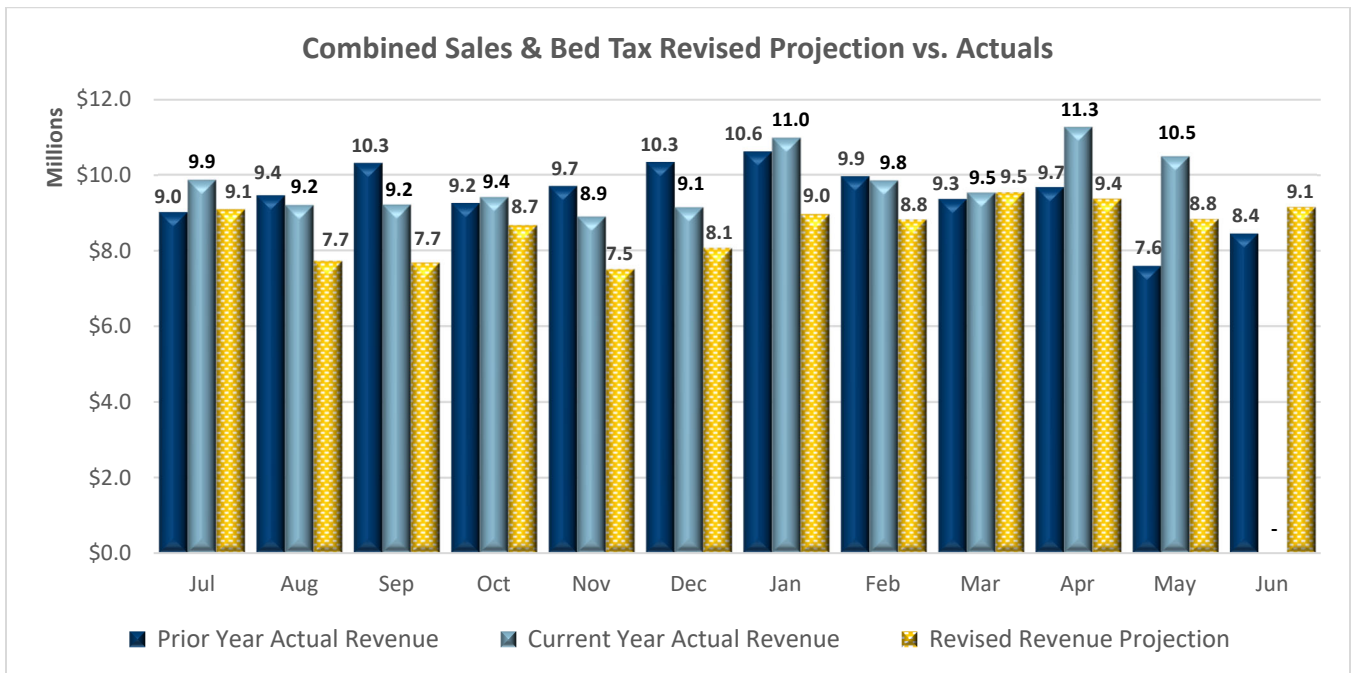

*Background*

The Municipal Budget Office, as an adopted Government Finance Office’s Association (GFOA) best practice, routinely compares the City’s revenue projections to actual activity to monitor financial performance. This practice provides the opportunity to adjust for any significant variances to ensure continuity of programs and service delivery. Due to the uncertainty of the economic impacts of the COVID-19 pandemic on City revenues, this monitoring function will be crucial as we progress through the fiscal year in determining if projected year-end revenue targets will be met.

*General Fund Sales Tax & Bed Tax Collections*

The purpose of this memo is to provide a “snapshot” of the FY 2020-21 General Fund sales tax and bed tax revenue collections through the month of May 2021. The General Fund portion of the 1.2 % city sales tax and the 5.0% bed (transient lodging) tax combined represent the General Fund’s largest revenue source.

Although sales and bed tax are not budgeted on a monthly basis, the graph below displays FY 2020-21 General Fund sales tax and bed tax revenue collections, to date, compared to the revised revenue projection amount and FY 2019-20 actuals collections. The FY 2020-21 revised revenue projection amount is based on the most recent economic data available and considers the anticipated economic impacts of the COVID-19 pandemic.

### *Highlights*

General Fund sales tax and bed tax revenues for the month of May are strongly exceeding the revised revenue projection at 18.8% (\$10.5M versus \$8.8M) amount and are also 38.3% above prior year collections (\$10.5M versus \$7.6M). Total fiscal year-to-date General Fund sales tax and bed tax collections through May are 14.4% above the revised revenue projection (\$107.7M versus \$94.2M) amount, and 2.5% above prior year-to-date collections (\$107.7M versus \$105.1M).

Bed tax had its second-best month since March 2020 (a mostly pre-COVID-19 economic period). In general, total revenues are exceeding revised revenue projects due mainly to much higher than anticipated activity in the retail taxable activity that has offset declines in all the other taxable activities. Revenues from retail sales have also been bolstered by the collection of tax on online purchases.

Although local sales tax collections are currently exceeding the revised revenue projections, it's important to note that there is still much uncertainty about the future impacts of the COVID-19 pandemic on the local and State economy. The Municipal Budget Office continues to review the most recent economic data available and monitor for any significant variances from the revised revenue projections.

### *On-Going Revenue/Expense Monitoring*

The Municipal Budget Office will continue to prepare the Quarterly Financial Report that details revenue and expenses for all the City's major funds as well as the monthly tax statistical report that provides details on the City's sales tax revenues. Both reports are distributed via the Friday Information Packet and are posted on the Municipal Budget Office web page [www.tempe.gov/budget](http://www.tempe.gov/budget).

FROM: Braden Kay, Sustainability Office Director, 602/550-1745

SUBJECT: Sustainability & City Hall Parking Complex Project

---

The City of Tempe is committed to climate action and sustainability. The City Hall Parking lot west of City Hall is a unique opportunity to showcase the city's sustainability and climate action efforts.

## Background

The parking lot re-design is part of the 5<sup>th</sup> street streetscape project. Restrooms were added to the project to provide an additional restroom option for downtown visitors. The parking lot was designed with the "Tempe Green" concept to add sustainability components to the parking lot area including trees, shrubs, solar panels, reclaimed brick pavers and depressed planters for water harvesting,

This project emerged during the design phase of the Fifth Street Streetscape project, as efforts to identify suitable downtown locations for public restrooms coincided with programmed improvements to the streetscape and right of way. The "Tempe Green" includes two public restroom facilities installed in a reconfiguration of the City Hall parking lot, which is intended to provide improved flow through City Hall Plaza and 6<sup>th</sup> Street Park. These improvements would showcase sustainable treatments prescribed throughout the streetscape redesign from College to Farmer Avenues, including solar-powered lighting, water harvesting, tree and shade enhancements and opportunities for public art.

## Opportunity

There is \$3 million in additional funding in the 5-year CIP for energy efficiency, electric vehicle charging, and renewable energy investments to accelerate Council's goals of municipal and community carbon neutrality. Some of these funds will be used to employ new electric vehicle charging stations and solar with battery storage in the west city hall parking lot. The city will continue to work with our utility partner Arizona Public Service (APS) for opportunities to pilot new technologies.

## Budget

The CIP budget increase to expand the city's investments in energy efficiency, electric vehicle charging, and renewable energy will allow the City to use public space to show Tempe's commitment to sustainability. There is \$1,000,000 in 22/23 and \$2,000,000 in

23/24 for solar and electric vehicle charging investments. This additional allocation gives the city an opportunity to explore how to create a public demonstration for sustainability and resilience. The City will ensure that financially responsible decisions are made with the budget allocation and we will look for opportunities for energy cost savings.

### **Next Steps**

The Sustainability Office and Engineering and Transportation Department will continue to examine potential technologies for the parking lot project. Mayor and Council will be updated in the Spring of 2022 with any updates on the planning and implementation of the project via Friday Packet.

## Tempe Sports Complex Summer Hours

Tempe Sports Complex, located at 8401 S. Hardy Drive, is a popular part of Tempe's Parks and Recreation system. The complex provides multiple active and passive recreational opportunities for the Tempe community and its visitors through the use of multiple courts, fields, and other amenities.

Normally, field reservations, as well as the pickleball courts, skate park and dog park, close at 10 p.m. each night. Effective July 1, due to the summer heat, staff has extended amenity use hours and reservations until 11 p.m. through the end of September.

The additional hour will provide extended use opportunities for the popular amenities at Tempe Sports Complex during the non-sunny, less-hot time of the day.

Staff will provide signage for the updated hours, and monitor activity throughout the summer.

## Tempe Youth Library Artwork Installation

In partnership with Tempe Public Library, Tempe Public Art commissioned artist Shela Yu to create an engaging installation at the entrance to the lower-level Youth Library. Entitled, *The Bridge Beyond*, Yu's installation intends to spark the wonderment of reading for all who pass by. The title refers to the idea that a book may act as a bridge to bring us beyond what we already know.

Local youth participated in a workshop led by Shela to create their own book covers. Participants were encouraged to ponder questions such as, "If you could write a book, what would it be?", "Would it be fiction, or non-fiction?", and, "Would you use a pen name?" The final book covers are sure to astound many as each one illustrates immense thoughtfulness and care by participants as young as six-years-old.

A quote from one of the youth participants along the painted book bridge perfectly expresses the joy of reading. "I like to read because reading lets me use my imagination. Reading is like watching a movie, but you get to create it!" -Olivia Ulrich, age 13.
